

## Develop your healing hands

Wouldn't it be great to have healing energy flowing through your hands?

At this weekend seminar, I will connect you to the pure light energy of the universe, which you will then be able to access all the time forever.

You will have the radiant source energy of the universe run through your body, out your hands, and into everything you touch. You will be giving this radiant energy to your food, your body, your pets, your family and loved ones, your plants, even the people you shake hands with.

I do this using The Radiance Technique®<sup>®</sup>, an easy and effective way to connect with pure light energy.

Over the six years I have been studying TRT®<sup>®</sup>, I have noticed that this particular form of energy harmonizes us to the whole. It reconnects us with who we really are - our strength, our wisdom, ourselves. Yes, it is healing energy, but not in the way of cause and effect. Rather, it brings us to wholeness; and from that point, on all levels, we can heal -- we can become who we really are.

At this three-day seminar, you will learn to access and use this radiant energy on yourself and others. Over the three days your body will adjust to carrying this new vibration, and when you leave early Sunday afternoon you will feel vibrantly alive, and full of more possibilities for health, healing, and spritual growth than you can imagine.

TRT®<sup>®</sup> is a science of expansion, and I will be giving further workshops and seminars to support you as you develop your relationship with this radiant energy. And this one seminar is all you need to be connected with the energy and to use it forever.
